

**DATA PROCESSING AGREEMENT**  
**(Revised Oct 21, 2021)**

This Data Processing Agreement (“**DPA**”) is supplemental to, and incorporated into, the Terms of Service found at <https://pandadoc.com/terms-of-service> and/or other written agreement/materials between PandaDoc, Inc. and Customer for the subscription of PandaDoc, Inc.’s and/or its Affiliates (collectively, “**PandaDoc**”) products and/or services (collectively, the “**Agreement**”), and reflects the parties mutual understanding and agreement related to the Processing of Customer’s Personal Data (as defined herein) by PandaDoc on behalf of Customer.

This DPA is effective upon its incorporation into the Agreement – which may be through the Terms of Service, the executed proposal (‘Order form’), MSA, or an executed amendment. For the purposes of this DPA only, and except where indicated otherwise, the term “Customer” shall include Customer and Controller Affiliates. This signed copy is intended to effectuate PandaDoc’s agreement solely to its text ‘as is’ and unmodified in any way. PandaDoc expressly disagrees to and rejects any changes to it.

All capitalized terms not defined herein shall have the meaning set forth in the Agreement. In the event of inconsistencies between any provision of this DPA and any provision of the Agreement, the provisions of this DPA shall prevail. In the event of conflict between the Standard Contractual Clauses (SCCs) in Exhibit 2 and this DPA, the SCCs shall prevail.

**HOW THIS DPA APPLIES TO CUSTOMER AND ITS AFFILIATES**

If the Customer entity is a party to the Agreement, this DPA is an addendum to and is incorporated into the Agreement. In such case, the PandaDoc entity that is party to the Agreement with Customer is party to this DPA.

If an entity is not a party to the Agreement, this DPA is not valid and is not legally binding. Such entity should request that the Customer entity who is a party to the Agreement executes this DPA.

If the Customer entity is not a party to the Agreement directly with PandaDoc, but is instead a Customer indirectly via an authorized reseller of PandaDoc’s products and/or services, this DPA is not valid and is not legally binding. Such entity should contact the authorized reseller to discuss whether any amendments to its agreement with the reseller are necessary.

## 2. PROCESSING OF PERSONAL DATA

- 2.1. **Roles of the Parties.** The parties acknowledge and agree that with regard to the Processing of Personal Data, Customer is the Controller and PandaDoc is the Processor. PandaDoc may engage Sub-processors pursuant to the requirements set forth in Article 4 “Sub- processors” below to

Process such Personal Data.

- 2.2. Customer's Processing of Personal Data.** Customer shall have sole responsibility for the accuracy and quality of Personal Data, the means by which Customer acquired such Personal Data and ensure compliance with laws as it relates to the foregoing. Customer acknowledges that it is responsible for properly implementing access and use controls and configuring certain features and functionalities that Customer may elect to use and that it will do so in such manner that Customer deems adequate to maintain appropriate security, protection, deletion, and backup of Personal Data. PandaDoc will be entitled to rely solely on Customer's instructions relating to Personal Data Processed by PandaDoc.
- 2.3. PandaDoc's Processing of Personal Data.** With respect to Personal Data Processed by PandaDoc as Customer's Processor, PandaDoc shall only Process Personal Data for the following purposes: (i) Processing in accordance with the Agreement and applicable Order Form(s); (ii) Processing initiated by authorized users in their use of PandaDoc's products and/or services; and (iii) Processing to comply with other reasonable instructions provided by Customer in writing (e.g., via email or support tickets) that are consistent with the terms of the Agreement (individually and collectively, the "**Purpose**"). PandaDoc shall not disclose Personal Data to third parties except: (i) to employees, service providers, or advisers who have a need to know the Personal Data and are under confidentiality obligations at least as restrictive as those described under this DPA, or (ii) as required to comply with valid legal process in accordance with the terms of the Agreement. If PandaDoc has reason to believe Customer's instructions infringe the GDPR or other EEA data protection provisions, then PandaDoc will promptly notify Customer. Customer acknowledges and agrees that PandaDoc collects cumulative, anonymized data and analytics pertaining to its customers including without limitation Customer ("Unidentifiable Data"), and, provided that such Unidentifiable Data Subject is and will remain unidentifiable, the data is not subject to the deletion requirement set forth in Paragraph 7 ("Return and Deletion of Client Data") herein.
- 2.4. Details of the Processing.** PandaDoc agrees that it will Process the Personal Data in relation to the Purpose and the provision of PandaDoc's products and/or services. The duration of the Processing, the nature and purpose of the Processing, the types of Personal Data and categories of Data Subjects Processed under this DPA are further specified in the Appendix attached hereto and incorporated herein.

### 3. RIGHTS OF DATA SUBJECTS & DATA SUBJECT REQUESTS

- 3.1.** PandaDoc shall, to the extent legally permitted, promptly notify Customer if PandaDoc receives any requests from a Data Subject to exercise the following Data Subject rights: access, rectification, restriction of Processing, erasure ("right to be forgotten"), data portability, objection to the Processing, or to not be subject to an automated individual decision making (each, a "**Data Subject Request**"). Taking into account the nature of the Processing, PandaDoc shall assist Customer by appropriate technical and organizational measures, insofar as this is possible, for the fulfillment of Customer's obligation to respond to a Data Subject Request under applicable Data Protection Laws. In addition, to the extent Customer, in its use of PandaDoc's products and/or services, does not have the ability to address a Data Subject Request, PandaDoc shall, upon Customer's request, provide commercially reasonable efforts to assist Customer in responding to such Data Subject Request, to the extent PandaDoc is legally permitted to do so and the response to such Data Subject Request is required under applicable Data Protection Laws. To the extent legally permitted, Customer shall be responsible for any costs arising from PandaDoc's provision of such assistance, including without limitation any fees associated with provision of additional functionality.

### 4. SUB-PROCESSORS

- 4.1. Appointment of Sub-processors.** Customer acknowledges and agrees that (a) PandaDoc's Affiliates may be retained as Sub-processors; and (b) PandaDoc and PandaDoc's Affiliates respectively may engage third-party Sub-processors in connection with the provision of the products and/or services. As a condition to permitting a third-party Sub-processor to Process Personal Data,

PandaDoc or a PandaDoc Affiliate will enter into a written agreement with each Sub-processor containing data protection obligations that provide at least the same level of protection for Personal Data as those in this DPA, to the extent applicable to the nature of the services provided by such Sub-processor. Customer acknowledges that PandaDoc, Inc. is located in the United States and provides PandaDoc's products and/or services to Customer. Customer agrees to enter into the Standard Contractual Clauses set out in Exhibit 2 attached hereto and acknowledges that Sub-processors may be appointed by PandaDoc in accordance with Clause 9 of Exhibit 2 attached hereto.

- 4.2. List of Current Sub-processors and Notification of New Sub-processors.** The then-current list of Sub-processors PandaDoc uses to provide the products and/or services, including the identities of those Sub-processors and their country of location, is accessible at <http://www.pandadoc.com/GDPR/subprocessors> ("**Sub-processor List**") which may be updated by PandaDoc from time to time upon advance written notice to Customer.
- 4.3. Objection Right for New Sub-processors.** Customer may reasonably object to PandaDoc's use of a new Sub-processor (e.g., if making Personal Data available to the Sub-processor may violate applicable Data Protection Laws or weaken the protections for such Personal Data) by notifying PandaDoc promptly in writing within 30 business days after Customer becomes aware of such change. Such notice shall include the date the Customer became aware of the new Sub-processor and explain the reasonable grounds for the objection. In the event Customer objects to a new Sub-processor, as permitted in the preceding sentence, PandaDoc will use commercially reasonable efforts to make available to Customer a change in PandaDoc's products and/or services or recommend a commercially reasonable change to Customer's configuration or use of PandaDoc's products and/or services to avoid Processing of Personal Data by the objected-to new Sub-processor without unreasonably burdening Customer. If PandaDoc is unable to make available such change within a reasonable period of time, which shall not exceed sixty (60) days from the date PandaDoc receives written notice from Customer, either party may terminate without penalty the applicable Order Form(s) with respect only to those PandaDoc's products and/or services which cannot be provided by PandaDoc without the use of the objected-to new Sub-processor by providing written notice to the other party advising of such termination. PandaDoc will refund to Customer any prepaid fees covering the remainder of the term of such Order Form(s) following the effective date of termination with respect to such terminated PandaDoc products and/or services, without imposing a penalty for such termination on Customer.
- 4.4. Liability.** PandaDoc shall be liable for the acts and omissions of its Sub-processors to the same extent PandaDoc would be liable if performing the services of each Sub-processor directly under the terms of this DPA, except as otherwise set forth in the Agreement.

## 5. SECURITY

- 5.1. Controls for the Protection of Customer Data.** PandaDoc shall maintain appropriate technical and organizational measures for protection of the security, confidentiality and integrity of Customer Data, as set forth in the Security Practices located at [pandadoc.com/security](http://pandadoc.com/security).
- 5.2. Third-Party Certifications and Audits.** PandaDoc has obtained the third-party certifications and audits set forth in the Security Practices. Upon Customer's request, and subject to the confidentiality obligations set forth in the Agreement, PandaDoc shall make available to Customer (or Customer's independent, third-party auditor) information regarding PandaDoc's compliance with the obligations set forth in this DPA in the form of the third-party certifications and audits set forth in the Security Practices. Customer may contact PandaDoc in accordance with the "Notices" Section of the Agreement to request an audit of PandaDoc's procedures relevant to the protection of Personal Data, but only to the extent required under applicable Data Protection Laws and Customer shall not disrupt PandaDoc's business operations during the performance of such audit. Customer shall reimburse PandaDoc for any time expended for any such audit at PandaDoc's then-current rates. Before the commencement of any such audit, Customer and PandaDoc shall mutually agree upon the scope, timing, and duration of the audit, in addition to the reimbursement rate for which Customer

shall be responsible. All reimbursement rates shall be reasonable, taking into account the resources expended by PandaDoc. Customer shall promptly notify PandaDoc with information regarding any non-compliance discovered during the course of an audit, and PandaDoc shall use commercially reasonable efforts to address any confirmed non-compliance.

## 6. CUSTOMER DATA INCIDENT MANAGEMENT AND NOTIFICATION

PandaDoc shall maintain commercially reasonable security incident management policies and procedures specified in the Security Practices. PandaDoc shall notify Customer without undue delay of any breach relating to Personal Data (within the meaning of applicable Data Protection Laws) of which PandaDoc becomes aware and which may require a notification to be made to a Supervisory Authority or Data Subject under applicable Data Protection Laws or which PandaDoc is required to notify to Customer under applicable Data Protection Laws (a “**Customer Data Incident**”). Taking into account the nature of Processing and the information available to PandaDoc and in accordance with the Agreement, PandaDoc shall provide commercially reasonable cooperation and assistance in identifying the cause of such Customer Data Incident and take commercially reasonable steps to remediate the cause to the extent the remediation is within PandaDoc’s control. The obligations herein shall not apply to incidents that are caused by Customer, Customer’s authorized users and/or any non-PandaDoc products and/or services.

## 7. RETURN AND DELETION OF CUSTOMER DATA

Upon termination of the Agreement and/or Order Form pursuant to which PandaDoc is Processing Personal Data, PandaDoc shall, upon Customer’s request, and subject to the limitations described in the Agreement and the Security Practices, return all Customer Data and copies of such data to Customer or securely destroy them and reasonably demonstrate to the Customer that it has taken such measures, unless applicable law prevents it from returning or destroying all or part of Customer Data. For clarification, depending on the products and/or services provided to Customer, access to export functionality may incur additional charge(s) and/or require purchase of an upgrade to PandaDoc’s products and/or services. PandaDoc agrees to preserve the confidentiality of any retained Customer Data for the duration of the Agreement and only and will only actively Process such Customer Data after such date if agreed to by the parties or to otherwise comply with laws. This Section 7 shall not apply to Unidentifiable Data, as defined herein.

## 8. CONTROLLER AFFILIATES

- 8.1. Contractual Relationship.** The parties acknowledge and agree that, by executing the Agreement and/or Order Form and this DPA, Customer enters into the DPA on behalf of itself and, as applicable, in the name and on behalf of its Controller Affiliates, thereby establishing a separate DPA between PandaDoc and each such Controller Affiliate subject to the provisions of the Agreement. Each Controller Affiliate agrees to be bound by the obligations under this DPA and, to the extent applicable, the Agreement. For the avoidance of doubt, a Controller Affiliate is not and does not become a party to the Agreement and is only a party to the DPA. All access to and use of the PandaDoc products and/or services by Controller Affiliates must comply with the terms and conditions of the Agreement and any violation of the terms and conditions of the Agreement by a Controller Affiliate shall be deemed a violation by Customer and Customer shall be liable for such violation.
- 8.2. Communication.** The Customer that is the contracting party to the Agreement shall remain responsible for coordinating all communication with PandaDoc under this DPA and be entitled to make and receive any communication in relation to this DPA on behalf of its Controller Affiliates.
- 8.3. Rights of Controller Affiliates.** If a Controller Affiliate becomes a party to the DPA with PandaDoc, it shall, to the extent required under applicable Data Protection Laws, also be entitled to exercise the rights and seek remedies under this DPA, subject to the following:
- 8.3.1.** Except where applicable Data Protection Laws require the Controller Affiliate to exercise a right or seek any remedy under this DPA against PandaDoc directly by itself, the parties

agree that (i) solely the Customer that is the contracting party to the Agreement shall exercise any such right or seek any such remedy on behalf of the Controller Affiliate, and (ii) the Customer that is the contracting party to the Agreement shall exercise any such rights under this DPA not separately for each Controller Affiliate individually but in a combined manner for all of its Controller Affiliates together (as set forth, for example, in Section 8.3.2, below).

- 8.3.2.** The parties agree that the Customer that is the contracting party to the Agreement shall, if carrying out an audit of the PandaDoc procedures relevant to the protection of Personal Data, take all reasonable measures to limit any impact on PandaDoc by combining, to the extent reasonably possible, several audit requests carried out on behalf of different Controller Affiliates in one single audit.

## 9. PANDADOC PERSONNEL

- 9.1. Confidentiality.** PandaDoc shall use commercially reasonable efforts to ensure that its personnel engaged in the Processing of Personal Data are informed of the confidential nature of the Personal Data, have received appropriate training on their responsibilities and have executed written confidentiality agreements. PandaDoc shall ensure that such confidentiality obligations survive the termination of the personnel engagement.
- 9.2. Reliability.** PandaDoc shall take commercially reasonable steps to ensure the reliability of any PandaDoc personnel engaged in the Processing of Personal Data.
- 9.3. Limitation of Access.** PandaDoc shall ensure that PandaDoc's access to Personal Data is limited to those personnel performing services in accordance with the Agreement.
- 9.4. Data Protection Officer/Responsible Party.** PandaDoc has a data protection officer or individual responsible for its data protection that may be reached at [privacyteam@pandadoc.com](mailto:privacyteam@pandadoc.com).

## 10. LIMITATION OF LIABILITY

Each party's and all of its Affiliates' liability, taken together in the aggregate, arising out of or related to this DPA, and all DPAs between Controller Affiliates and PandaDoc, whether in contract, tort or under any other theory of liability, is subject to the "Limitation of Liability" section of the Agreement, and any reference in such section to the liability of a party means the aggregate liability of that party and all of its Affiliates under the Agreement and all DPAs together.

For the avoidance of doubt, the total liability of PandaDoc (and its Affiliates, if any) for all claims from the Customer and all of its Controller Affiliates arising out of and/or related to the Agreement and each DPA shall apply in the aggregate for all claims under the Agreement and all DPAs established under the Agreement, including by Customer and all Controller Affiliates. It is specifically understood that liability shall not apply individually and severally to Customer and to Controller Affiliates.

## 11. EUROPEAN SPECIFIC PROVISIONS

- 11.1. GDPR.** With effect from 25 May 2018, PandaDoc will Process Personal Data in accordance with the GDPR requirements directly applicable to the provisioning of PandaDoc's products and services.
- 11.2. Data Protection Impact Assessment.** Upon Customer's request, PandaDoc shall provide Customer with reasonable cooperation and assistance needed to fulfill Customer's obligation under the GDPR to carry out a data protection impact assessment related to Customer's use of PandaDoc's products and/or services, to the extent Customer does not otherwise have access to the relevant information, and to the extent such information is available to PandaDoc. PandaDoc shall provide reasonable assistance to Customer in the cooperation or prior consultation with the Supervisory Authority, to the extent required under the GDPR.
- 11.3. Transfer Mechanisms.** For transfers of Personal Data under this DPA from the European Union, the European Economic Area and/or their member states, the United Kingdom, and Switzerland to

countries which do not ensure an adequate level of data protection within the meaning of applicable Data Protection Laws of the foregoing territories, to the extent such transfers are subject to such applicable Data Protection Laws, the Standard Contractual Clauses and Additional Terms for EU Personal Data Transfers set forth in Exhibits 1 and 2 (including all annexes and appendix) respectively, apply as attached and incorporated herein.

## **12. LEGAL EFFECT**

This DPA shall only become legally binding between Customer and PandaDoc (and PandaDoc, Inc., if different) when executed by both parties. If Customer has previously executed a data processing addendum with PandaDoc concerning the subject matter hereof, the parties acknowledge and agree that this DPA supersedes and replaces such prior data processing addendum. For purposes of clarification, this DPA becomes legally binding on the date the last party below executes the DPA.

## **13. VENUE**

This DPA and any dispute or claim arising out of and/or in connection with it or its subject matter or formation (including non-contractual disputes or claims) shall be governed by, and construed in accordance with, the legal system of Ireland.

## **14. MISCELLANEOUS**

The parties agree that this DPA and, if applicable, the Standard Contractual Clauses, shall terminate automatically upon (i) termination of the Agreement; or (ii) if applicable, the expiration or termination of all Order Forms or similar contract documents entered into by PandaDoc with Customer pursuant to the Agreement, whichever is later. Any obligation imposed on either party under this DPA in relation to the Processing of Personal Data that would reasonably be interpreted to survive any termination or expiration of this DPA, shall survive. Customer may notify PandaDoc in writing from time to time of any variations to this DPA which are required as a result of a change in Data Protection Laws. Any such required variations shall take effect on the date falling 45 (forty-five) calendar days after the date such written notice is received and PandaDoc shall procure that, where necessary, the terms in each contract between PandaDoc or any PandaDoc Affiliate and each Sub-processor are amended to incorporate such variations within the same time period. Should any provision of this DPA be invalid or unenforceable, then the remainder of this DPA shall remain valid and in force. The invalid or unenforceable provision shall be either (i) amended as necessary to ensure its validity and enforceability, while preserving the parties' intentions as closely as possible or, if this is not possible, (ii) construed in a manner as if the invalid or unenforceable part had never been contained therein.

**EXHIBIT 1****Additional Safeguards for Personal Data Stored in the United States**

With respect to any Personal Data transferred outside the EU, the EEA and/or the UK to a country that does not offer an adequate level of data protection under or pursuant to the adequacy decisions published by the relevant data protection authorities of the EEA, the EU, the Member States, or the European Commission, the data importer further provides the following representations and warranties:

1. Personal Data will be transported to the United States and stored in an encrypted fashion.
2. The keys for decrypting Personal Data concerning individuals in Europe will not be provided to a government authority absent court order unless (1) any impacted individual in Europe has been notified of the government request, or (2) the Data Importer determines that the protection of the rights and freedoms of others requires the disclosure.
3. Data Importer has, and will maintain, a written policy and procedure for responding to requests from law enforcement agencies (the "Law Enforcement Request Policy").
4. The Law Enforcement Request Policy requires the Data Importer to determine whether a government request for information is validly issued and authentic.
5. The Law Enforcement Request Policy requires the Data Importer to inform a government agency that requests Personal Data that such Personal Data includes information about individuals located in Europe.
6. The Law Enforcement Request Policy requires the Data Importer to attempt to narrow requests for the Personal Data of individuals in Europe to the minimum data needed by the government agency.
7. The Law Enforcement Request Policy requires the Data Importer to inform a government agency that requests the Personal Data of individuals in Europe that the GDPR, and other European data privacy laws, confer certain rights upon individuals located in Europe including, among other things, rights to transparency, access, rectification, and deletion about, and relating to, any entity, including government agencies, that process personal information.
8. The Law Enforcement Request Policy requires the Data Importer to request that the government agency permit the Data Importer to notify the Data Exporter and/or any impacted individuals in Europe of the request prior to any information being transmitted to the law enforcement agency.
9. The Law Enforcement Request Policy requires the Data Importer to request that the government domesticate any request through counterpart agencies located within the European Union.
10. The Law Enforcement Request Policy requires the Data Importer to evaluate whether the request seeks information which goes beyond what appears reasonably necessary for (a) national security, (b) defense, (c) public security, (d) the prevention, investigation, detection and prosecution of criminal offenses, or the breach of ethics for the regulated professions, (e) other important economic or other financial interests of a country, (f) the protection of individuals, or (g) the protection of the rights and freedoms of others.
11. To the extent that the request is determined to be unreasonable, the Law Enforcement Request Policy requires the Data Importer to appeal, narrow, or attempt to quash the request, to the extent permitted by law.
12. The Data Importer will work with the Data Exporter to consider, and evaluate, any additional supplemental measures recommended by the European Data Protection Board ("EDPB").

- (b) These Clauses are without prejudice to obligations to which the data exporter is subject by virtue of Regulation (EU) 2016/679.

#### **Clause 3** **Third-party beneficiaries**

This Clause is without prejudice to the obligations of the data exporter under Articles 13 and 14 of Regulation (EU) 2016/679.

## 8.4 Accuracy

If the data importer becomes aware that the personal data it has received is inaccurate, or has become outdated, it shall inform the data exporter without undue delay. In this case, the data importer shall cooperate with the data exporter to erase or rectify the data.

## 8.5 Duration of processing and erasure or return of data

Processing by the data importer shall only take place for the duration specified in Annex I.B. After the end of the provision of the processing services, the data importer shall, at the choice of the data exporter, delete all personal data processed on behalf of the data exporter and certify to the data exporter that it has done so, or return to the data exporter all personal data processed on its behalf and delete existing copies. Until the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable to the data importer that prohibit return or deletion of the personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process it to the extent and for as long as required under that local law. This is without prejudice to Clause 14, in particular the requirement for the data importer under Clause 14(e) to notify the data exporter throughout the duration of the contract if it has reason to believe that it is or has become subject to laws or practices not in line with the requirements under Clause 14(a).

## 8.6 Security of processing

(a) The data importer and, during transmission, also the data exporter shall implement appropriate technical and organisational measures to ensure the security of the data, including protection against a breach of security leading to accidental or unlawful destruction, loss, alteration, unauthorised disclosure or access to that data (hereinafter 'personal data breach'). In assessing the appropriate level of security, the Parties shall take due account of the state of the art, the costs of implementation, the nature, scope, context and purpose(s) of processing and the risks involved in the processing for the data subjects. The Parties shall in particular consider having recourse to encryption or pseudonymisation, including during transmission, where the purpose of processing can be fulfilled in that manner. In case of pseudonymisation, the additional

information for attributing the personal data to a specific data subject shall, where possible, remain under the exclusive control of the data exporter. In complying with its obligations under this paragraph, the data importer shall at least implement the technical and organisational measures specified in Annex II. The data importer shall carry out regular checks to ensure that these measures continue to provide an appropriate level of security.

- (b) The data importer shall grant access to the personal data to members of its personnel only to the extent strictly necessary for the implementation, management and monitoring of the contract. It shall ensure that persons authorised to process the personal data have committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality.
- (c) In the event of a personal data breach concerning personal data processed by the data importer under these Clauses, the data importer shall take appropriate measures to address the breach, including measures to mitigate its adverse effects. The data importer shall also notify the data exporter without undue delay after having become aware of the breach. Such notification shall contain the details of a contact point where more information can be obtained, a description of the nature of the breach (including, where possible, categories and approximate number of data subjects and personal data records concerned), its likely consequences and the measures taken or proposed to address the breach including, where appropriate, measures to mitigate its possible adverse effects. Where, and in so far as, it is not possible to provide all information at the same time, the initial notification shall contain the information then available and further information shall, as it becomes available, subsequently be provided without undue delay.
- (d) The data importer shall cooperate with and assist the data exporter to enable the data exporter to comply with its obligations under Regulation (EU) 2016/679, in particular to notify the competent supervisory authority and the affected data subjects, taking into account the nature of processing and the information available to the data importer.

## 8.7 Sensitive data

Where the transfer involves personal data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, genetic data, or biometric data for the purpose of uniquely identifying a natural person, data concerning health or a person's sex life or sexual orientation, or data relating to criminal convictions and offences (hereinafter 'sensitive data'), the data importer shall apply the specific restrictions and/or additional safeguards described in Annex I.B.

## 8.8 Onward transfers

The data importer shall only disclose the personal data to a third party on documented instructions from the data exporter. In addition, the data may only be disclosed to a third party located outside the European Union (in the same country as the data importer or in another third country, hereinafter 'onward transfer') if the third party is or agrees to be bound by these Clauses or if:

- (i) the onward transfer is to a country benefitting from an adequacy decision pursuant to Article 45 of Regulation (EU) 2016/679 that covers the onward transfer;

- (ii) the third party otherwise ensures appropriate safeguards pursuant to Articles 46 or 47 Regulation of (EU) 2016/679 with respect to the processing in question;
- (iii) the onward transfer is necessary for the establishment, exercise or defence of legal claims in the context of specific administrative, regulatory or judicial proceedings; or
- (iv) the onward transfer is necessary in order to protect the vital interests of the data subject or of another natural person.

Any onward transfer is subject to compliance by the data importer with all the other safeguards under these Clauses, in particular purpose limitation.

### **8.9 Documentation and compliance**

- (a) The data importer shall promptly and adequately deal with enquiries from the data exporter that relate to the processing under these Clauses.
- (b) The Parties shall be able to demonstrate compliance with these Clauses. In particular, the data importer shall keep appropriate documentation on the processing activities carried out on behalf of the data exporter.
- (c) The data importer shall make available to the data exporter all information necessary to demonstrate compliance with the obligations set out in these Clauses and at the data exporter's request, allow for and contribute to audits of the processing activities covered by these Clauses, at reasonable intervals or if there are indications of non-compliance. In deciding on a review or audit, the data exporter may take into account relevant certifications held by the data importer.
- (d) The data exporter may choose to conduct the audit by itself or mandate an independent auditor. Audits may include inspections at the premises or physical facilities of the data importer and shall, where appropriate, be carried out with reasonable notice.
- (e) The Parties shall make the information referred to in paragraphs (b) and (c), including the results of any audits, available to the competent supervisory authority on request.

### **Clause 9**

#### **Use of sub-processors**

- (a) **SPECIFIC PRIOR AUTHORISATION** The data importer shall not sub-contract any of its processing activities performed on behalf of the data exporter under these Clauses to a sub-processor without the data exporter's prior specific written authorisation. The data importer shall submit the request for specific authorisation at least thirty (30) days prior to the engagement of the sub-processor, together with the information necessary to enable the data exporter to decide on the authorisation. The list of sub-processors already authorised by the data exporter can be found in Annex III. The Parties shall keep Annex III up to date.
- (b) Where the data importer engages a sub-processor to carry out specific processing activities (on behalf of the data exporter), it shall do so by way of a written contract that provides for, in substance, the same data

protection obligations as those binding the data importer under these Clauses, including in terms of third-party beneficiary rights for data subjects. The Parties agree that, by complying with this Clause, the data importer fulfils its obligations under Clause 8.8. The data importer shall ensure that the sub-processor complies with the obligations to which the data importer is subject pursuant to these Clauses.

- (c) The data importer shall provide, at the data exporter's request, a copy of such a sub-processor agreement and any subsequent amendments to the data exporter. To the extent necessary to protect business secrets or other confidential information, including personal data, the data importer may redact the text of the agreement prior to sharing a copy.
- (d) The data importer shall remain fully responsible to the data exporter for the performance of the sub-processor's obligations under its contract with the data importer. The data importer shall notify the data exporter of any failure by the sub-processor to fulfil its obligations under that contract.
- (e) The data importer shall agree a third-party beneficiary clause with the sub-processor whereby – in the event the data importer has factually disappeared, ceased to exist in law or has become insolvent – the data exporter shall have the right to terminate the sub-processor contract and to instruct the sub-processor to erase or return the personal data.

#### **Clause 10**

##### **Data subject rights**

- (a) The data importer shall promptly notify the data exporter of any request it has received from a data subject. It shall not respond to that request itself unless it has been authorised to do so by the data exporter.
- (b) The data importer shall assist the data exporter in fulfilling its obligations to respond to data subjects' requests for the exercise of their rights under Regulation (EU) 2016/679. In this regard, the Parties shall set out in Annex II the appropriate technical and organisational measures, taking into account the nature of the processing, by which the assistance shall be provided, as well as the scope and the extent of the assistance required.
- (c) In fulfilling its obligations under paragraphs (a) and (b), the data importer shall comply with the instructions from the data exporter.

#### **Clause 11**

##### **Redress**

- (a) The data importer shall inform data subjects in a transparent and easily accessible format, through individual notice or on its website, of a contact point authorised to handle complaints. It shall deal promptly with any complaints it receives from a data subject.
- (b) In case of a dispute between a data subject and one of the Parties as regards compliance with these Clauses, that Party shall use its best efforts to resolve the issue amicably in a timely fashion. The Parties shall keep each other informed about such disputes and, where appropriate, cooperate in resolving them.
- (c) Where the data subject invokes a third-party beneficiary right pursuant to Clause 3, the data importer shall accept the decision of the data subject to:

- (i) lodge a complaint with the supervisory authority in the Member State of his/her habitual residence or place of work, or the competent supervisory authority pursuant to Clause 13;
  - (ii) refer the dispute to the competent courts within the meaning of Clause 18.
- (d) The Parties accept that the data subject may be represented by a not-for-profit body, organisation or association under the conditions set out in Article 80(1) of Regulation (EU) 2016/679.
  - (e) The data importer shall abide by a decision that is binding under the applicable EU or Member State law.
  - (f) The data importer agrees that the choice made by the data subject will not prejudice his/her substantive and procedural rights to seek remedies in accordance with applicable laws.

### **Clause 12**

#### **Liability**

- (a) Each Party shall be liable to the other Party/ies for any damages it causes the other Party/ies by any breach of these Clauses.
- (b) The data importer shall be liable to the data subject, and the data subject shall be entitled to receive compensation, for any material or non-material damages the data importer or its sub-processor causes the data subject by breaching the third-party beneficiary rights under these Clauses.
- (c) Notwithstanding paragraph (b), the data exporter shall be liable to the data subject, and the data subject shall be entitled to receive compensation, for any material or non-material damages the data exporter or the data importer (or its sub-processor) causes the data subject by breaching the third-party beneficiary rights under these Clauses. This is without prejudice to the liability of the data exporter and, where the data exporter is a processor acting on behalf of a controller, to the liability of the controller under Regulation (EU) 2016/679 or Regulation (EU) 2018/1725, as applicable.
- (d) The Parties agree that if the data exporter is held liable under paragraph (c) for damages caused by the data importer (or its sub-processor), it shall be entitled to claim back from the data importer that part of the compensation corresponding to the data importer's responsibility for the damage.
- (e) Where more than one Party is responsible for any damage caused to the data subject as a result of a breach of these Clauses, all responsible Parties shall be jointly and severally liable and the data subject is entitled to bring an action in court against any of these Parties.
- (f) The Parties agree that if one Party is held liable under paragraph (e), it shall be entitled to claim back from the other Party/ies that part of the compensation corresponding to its/their responsibility for the damage.
- (g) The data importer may not invoke the conduct of a sub-processor to avoid its own liability.

### **Clause 13**

#### **Supervision**

- (a) The supervisory authority with responsibility for ensuring compliance by the data exporter with Regulation (EU) 2016/679 as regards the data transfer, as indicated in Annex I.C, shall act as competent supervisory authority.
- (b) The data importer agrees to submit itself to the jurisdiction of and cooperate with the competent supervisory authority in any procedures aimed at ensuring compliance with these Clauses. In particular, the data importer agrees to respond to enquiries, submit to audits and comply with the measures adopted by the supervisory authority, including remedial and compensatory measures. It shall provide the supervisory authority with written confirmation that the necessary actions have been taken.

### **SECTION III – LOCAL LAWS AND OBLIGATIONS IN CASE OF ACCESS BY PUBLIC AUTHORITIES**

#### ***Clause 14***

##### **Local laws and practices affecting compliance with the Clauses**

- (a) The Parties warrant that they have no reason to believe that the laws and practices in the third country of destination applicable to the processing of the personal data by the data importer, including any requirements to disclose personal data or measures authorising access by public authorities, prevent the data importer from fulfilling its obligations under these Clauses. This is based on the understanding that laws and practices that respect the essence of the fundamental rights and freedoms and do not exceed what is necessary and proportionate in a democratic society to safeguard one of the objectives listed in Article 23(1) of Regulation (EU) 2016/679, are not in contradiction with these Clauses.
- (b) The Parties declare that in providing the warranty in paragraph (a), they have taken due account in particular of the following elements:
  - (i) the specific circumstances of the transfer, including the length of the processing chain, the number of actors involved and the transmission channels used; intended onward transfers; the type of recipient; the purpose of processing; the categories and format of the transferred personal data; the economic sector in which the transfer occurs; the storage location of the data transferred;
  - (ii) the laws and practices of the third country of destination– including those requiring the disclosure of data to public authorities or authorising access by such authorities – relevant in light of the specific circumstances of the transfer, and the applicable limitations and safeguards;
  - (iii) any relevant contractual, technical or organisational safeguards put in place to supplement the safeguards under these Clauses, including measures applied during transmission and to the processing of the personal data in the country of destination.
- (c) The data importer warrants that, in carrying out the assessment under paragraph (b), it has made its best efforts to provide the data exporter with relevant information and agrees that it will continue to cooperate with the data exporter in ensuring compliance with these Clauses.
- (d) The Parties agree to document the assessment under paragraph (b) and make it available to the competent supervisory authority on request.

- (e) The data importer agrees to notify the data exporter promptly if, after having agreed to these Clauses and for the duration of the contract, it has reason to believe that it is or has become subject to laws or practices not in line with the requirements under paragraph (a), including following a change in the laws of the third country or a measure (such as a disclosure request) indicating an application of such laws in practice that is not in line with the requirements in paragraph (a).
- (f) Following a notification pursuant to paragraph (e), or if the data exporter otherwise has reason to believe that the data importer can no longer fulfil its obligations under these Clauses, the data exporter shall promptly identify appropriate measures (e.g. technical or organisational measures to ensure security and confidentiality) to be adopted by the data exporter and/or data importer to address the situation. The data exporter shall suspend the data transfer if it considers that no appropriate safeguards for such transfer can be ensured, or if instructed by the competent supervisory authority to do so. In this case, the data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses. If the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise. Where the contract is terminated pursuant to this Clause, Clause 16(d) and (e) shall apply.

### **Clause 15**

#### **Obligations of the data importer in case of access by public authorities**

##### **15.1 Notification**

- (a) The data importer agrees to notify the data exporter and, where possible, the data subject promptly (if necessary with the help of the data exporter) if it:
  - (i). receives a legally binding request from a public authority, including judicial authorities, under the laws of the country of destination for the disclosure of personal data transferred pursuant to these Clauses; such notification shall include information about the personal data requested, the requesting authority, the legal basis for the request and the response provided; or
  - (ii). becomes aware of any direct access by public authorities to personal data transferred pursuant to these Clauses in accordance with the laws of the country of destination; such notification shall include all information available to the importer.
- (b) If the data importer is prohibited from notifying the data exporter and/or the data subject under the laws of the country of destination, the data importer agrees to use its best efforts to obtain a waiver of the prohibition, with a view to communicating as much information as possible, as soon as possible. The data importer agrees to document its best efforts in order to be able to demonstrate them on request of the data exporter.
- (c) Where permissible under the laws of the country of destination, the data importer agrees to provide the data exporter, at regular intervals for the duration of the contract, with as much relevant information as possible on the requests received (in particular, number of requests, type of data requested, requesting authority/ies, whether requests have been challenged and the outcome of such challenges, etc.).

- (d) The data importer agrees to preserve the information pursuant to paragraphs (a) to (c) for the duration of the contract and make it available to the competent supervisory authority on request.
- (e) Paragraphs (a) to (c) are without prejudice to the obligation of the data importer pursuant to Clause 14(e) and Clause 16 to inform the data exporter promptly where it is unable to comply with these Clauses.

## 15.2 Review of legality and data minimization

- (a) The data importer agrees to review the legality of the request for disclosure, in particular whether it remains within the powers granted to the requesting public authority, and to challenge the request if, after careful assessment, it concludes that there are reasonable grounds to consider that the request is unlawful under the laws of the country of destination, applicable obligations under international law and principles of international comity. The data importer shall, under the same conditions, pursue possibilities of appeal. When challenging a request, the data importer shall seek interim measures with a view to suspending the effects of the request until the competent judicial authority has decided on its merits. It shall not disclose the personal data requested until required to do so under the applicable procedural rules. These requirements are without prejudice to the obligations of the data importer under Clause 14(e).
- (b) The data importer agrees to document its legal assessment and any challenge to the request for disclosure and, to the extent permissible under the laws of the country of destination, make the documentation available to the data exporter. It shall also make it available to the competent supervisory authority on request.
- (c) The data importer agrees to provide the minimum amount of information permissible when responding to a request for disclosure, based on a reasonable interpretation of the request.

## SECTION IV – FINAL PROVISIONS

### *Clause 16*

#### **Non-compliance with the Clauses and termination**

- (a) The data importer shall promptly inform the data exporter if it is unable to comply with these Clauses, for whatever the reason.
- (b) In the event that the data importer is in breach of these Clauses or unable to comply with these Clauses, the data exporter shall suspend the transfer of personal data to the data importer until compliance is again ensured or the contract is terminated. This is without prejudice to Clause 14(f).
- (c) The data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses, where:
  - (i) the data exporter has suspended the transfer of personal data to the data importer pursuant to paragraph (b) and compliance with these Clauses is not restored within a reasonable time and in any event within one month of suspension;
  - (ii) the data importer is in substantial or persistent breach of these Clauses; or
  - (iii) the data importer fails to comply with a binding decision of a competent court or supervisory authority regarding its obligations under these Clauses.

In these cases, it shall inform the competent supervisory authority of such non-compliance. Where the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise.

- (d) Personal data that has been transferred prior to the termination of the contract pursuant to paragraph (c) shall at the choice of the data exporter immediately be returned to the data exporter or deleted in its entirety. The same shall apply to any copies of the data. The data importer shall certify the deletion of the data to the data exporter. Until the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable to the data importer that prohibit the return or deletion of the transferred personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process the data to the extent and for as long as required under that local law.
- (e) Either Party may revoke its agreement to be bound by these Clauses where (i) the European Commission adopts a decision pursuant to Article 45(3) of Regulation (EU) 2016/679 that covers the transfer of personal data to which these Clauses apply; or (ii) Regulation (EU) 2016/679 becomes part of the legal framework of the country to which the personal data is transferred. This is without prejudice to other obligations applying to the processing in question under Regulation (EU) 2016/679.

**Clause 17**  
**Governing law**

These Clauses shall be governed by the law of one of the EU Member States, provided such law allows for third-party beneficiary rights. The Parties agree that this shall be the law of Ireland.

**Clause 18**  
**Choice of forum and jurisdiction**

- (a) Any dispute arising from these Clauses shall be resolved by the courts of an EU Member State.
- (b) The Parties agree that those shall be the courts of Ireland.
- (c) A data subject may also bring legal proceedings against the data exporter and/or data importer before the courts of the Member State in which he/she has his/her habitual residence.
- (d) The Parties agree to submit themselves to the jurisdiction of such courts.
